

ARRESTS IN VANCOUVER CROWD CITY OF VANCOUVER

Assume Defiant Tone;
Threaten Retaliation for
Anti-Oriental Riots.

VANCOUVER, B. C., Sept. 11.—The city officials are taking every precaution to prevent further rioting and demonstrations against the Japanese, Chinese, and Hindus, and are following out instructions from Earl Grey, the governor general at Ottawa, who has communicated to Mayor Bethune that he hopes peace would be re-established promptly and that all offenders against the subjects of the Emperor of Japan, the friend and ally of his majesty, the King, would be punished. The note made no mention of Chinese and Hindus, although, of course, they are included in the instructions for protection.

Japs Flocking to the City.
Japanese are entering the city by hundreds, coming from logging camps, canneries, hotels, and restaurants. They are holding meetings in their quarters of the city and their attitude threatens great trouble if rioting is renewed.

They have become so bold as to notify the city authorities that if any more Japanese property is burned, they will retaliate by firing the entire city. The Chinese, they state, are with them in this resolve.

Jap Parade Called Off.
The parade, which the Japanese daringly planned, which was to impress the people of Vancouver with their strength, was called off only after Consul Moriawara, with great difficulty, persuaded the Japanese that the step would be imprudent in every way and would result in bloodshed. The Japanese at first shouted that they would welcome such result, but finally they were persuaded to abandon their plans. Notwithstanding the orders of the city officials that no firearms shall be sold, the Japanese are selling and carrying cured rifles, revolvers, ammunition, and thus fortified their attitude is becoming defiant.

Ottawa Greatly Alarmed
Over Vancouver Trouble

OTTAWA, Sept. 11.—The Dominion government is keeping in close touch with the situation at Vancouver. The troubles are causing the government much anxiety, and the premier is giving his personal attention to the details of bringing about peace and settling the differences which have developed.

Nothing less than consternation has resulted from an interview published and accredited to Mr. McPherson, M. P., from Vancouver, who is here to see the premier on the Japanese question. "I am merely presenting to the premier the facts in the case as I am informed by telegram," said Mr. McPherson. "British Columbia is not a white man's country. The majority of the residents are utterly opposed to throwing open the doors to Asiatics. If the federal government does not put a stop to the already humiliating condition of affairs, there will be another little episode like the one which occurred in Boston harbor, when the tea was thrown overboard."

Mr. McPherson cheerfully said that he realized the serious import of his statement.

Tokyo Is Not Disturbed
Over Attacks on Japs

TOKYO, Sept. 11.—There is little excitement here over the riots at Vancouver. The greatest confidence is felt that matters will be satisfactorily adjusted and Japanese interests protected.

The Japanese at Vancouver are warned not to attempt retaliation.

American Labor Agitators
Blamed for Vancouver Riots

LONDON, Sept. 11.—The Times, in an editorial, blames the American riots at Vancouver on American labor agitators, and says the agitation has nothing to do with a moral uprising against the Orientals, but is based on self-interest, frightened by competition.

NEW MINISTER COMES
FOR TURKISH LEGATION

United States Ambassador Lelsham, at Constantinople, has notified the State Department of the intention of the Turkish government to appoint Mehmed Ali Bey, a Turkish minister to Washington, and this Government has replied that the nomination is entirely acceptable here.

The new minister will succeed Chekib Bey, who has been resident here for several years, but who has never presented his credentials. Bey Mehmed will come as a minister, but it is considered likely that his rank will be increased to that of ambassador before long.

which are not much worse than the manner in which they are told. For instance:

A man who was steering a yacht,
His course through the water forgoth,
And he stuck in the mud
With a dull sickening thud.

And the captain then swore a whole lot.
Chances for the Imagination.

Another which leaves a good deal to the imagination reads as follows:

There was a young man from Mont
Who slipped on a peel of ban.
He fell on his head,
And what he then said,
Was quite the reverse of Hes.

Another of the same kind is furnished in the following:

She was wooed by a handsome young Dr.
Who one day in his arms tightly le.
But straightaway he swore,
He would do so no more.

TWO WILLS ARE FILED;
WIFE GETS ONE ESTATE

The wills of William Bushrod Kirtley and Johnanna Collins were filed for probate yesterday.

The first bequeaths the larger portion of his estate to his wife, and makes small bequests to two children, Dorothy Irene and Carvel Heaton.

The will of Mrs. Collins names her husband executor of the estate, which is to be equally divided among the three grandchildren, Joseph, Ambrose, and Michael Donovan.

REPRESENTATIVE PEARRE FELLED IN STREET FIGHT

Maryland Congressman
Assaulted Following
Criticism of County
Politics.

CUMBERLAND, Md., Sept. 11.—Congressman George A. Pearre was yesterday afternoon knocked down in the street by Capt. J. Philip Roman, who landed a heavy blow on the Congressman's jaw, which drew blood.

The fight was one of the results of the recent bitter Republican primary contest, in which Congressman Pearre was defeated. A number of persons witnessed the "scrap," which occurred near the main entrance of the Third National Bank building, on Baltimore street, in which Colonel Pearre has his office. "In a lengthy interview given out by Colonel Pearre and published Monday, he refers to county politics of six years ago, when Captain Roman was defeated for its senator by David J. Lewis, who is described as far outstripping his Republican opponent in capability "as midday outstrips midnight."

Captain Roman took exception to the comparison, and sought out Colonel Pearre for an explanation. This afternoon, as Colonel Pearre was standing on a group, Captain Roman approached with a copy of the paper containing the interview in his hand. He asked Colonel Pearre if he was the author of the article. Colonel Pearre said he was. Captain Roman's arm shot out, his fist landed on the Congressman's jaw, and the Congressman was bowled over. His friends picked him up, and Captain Roman walked away.

Colonel Pearre left on a street car for his home a few moments after the assault.

HEAD THEOSOPHIST
REVISITS AMERICA

Mrs. Annie Besant Here to
Preside Over Annual
Convention.

NEW YORK, Sept. 11.—Mrs. Annie Besant, president of the Theosophical Society, and expounder of the habits of the superhuman and the subhuman entities as set forth by her first apostle, the late Mrs. Blin, arrived in New York yesterday. Half an hour later she boarded a train on the Pennsylvania and hurried West. She is going to preside over the annual convention of the American section of the Theosophical Society, which opens in Chicago on Sunday next.

Mrs. Besant is fat with anything but an ethereal or evanescent fatness. The gray cloak, cut like an automobile riding duster, that blew about her did not obscure the fact that the soul which has taken its winged flights through ether since the days when the "lykos" kings ruled Egypt had not picked out a small compass of sense for its temporary residence in Mrs. Annie Besant.

"I have taken this long journey to attend the convention of the Theosophists, of which body I was elected president last May," she said. "I believe that we will have a great work to do at the convention, and I will enjoy every day of our deliberations."

"The soul is never without a body. It may leave the physical body and become immured for a while in an astral body, but it is beyond our sense of sight or our power of understanding, then it may come back to this physical sphere in another physical body. I believe that I lived before—but that's not the way to put it. You don't say 'I believe I was a child, you know that you were a child, I know that I lived before.'"

"I believe that Mrs. Eddy was right when she advanced the power of thought and 'transference,' said Mrs. Besant. "But she made a mistake when she claimed that by thought transference, I believe also that what President Roosevelt said about race suicide is right. There are too many souls craving materialization in the flesh for existence here to be denied them by the artifices of modern society."

Mrs. Besant admitted that she did not know Mrs. Pepper and Bright Eyes and the rest of the Brooklyn disembodied directory. When these names were explained to her she closed the interview abruptly, and took a cab for the Pennsylvania depot.

ONE KILLED, SEVERAL HURT
IN RUNAWAY TROLLEY WRECK

BETHLEHEM, Pa., Sept. 11.—John Owens, a photographer of this city, was killed and several persons were injured today, when a trolley car, escaping control of the motorman, dashed down a steep hill near Nazareth and turned turtle, burying some of the passengers under the wreckage. The trolley was allowed the car to gain great headway.

PATCHES

Why Brown Ones Come on Faces.

When a woman can get rid of brown patches on her face by changing her diet it is worth while for other women who care for their complexions to know something of the method.

A lady in Michigan City says that coffee caused the brown patches on her face by first giving her stomach trouble, then putting her nerves out of order, and the result was shown in her complexion.

She quit coffee and began using Postum Food Coffee and in less than a month the stomach trouble disappeared and within two months her complexion cleared up and is now fine and rosy.

She speaks of two men at Westfield, Ind., who have both been improved in health by leaving off coffee and taking in its place Postum Food Coffee, also a woman who was in poor health and suffered from stomach trouble. They quit coffee and after using Postum a short time the result was natural sleep, return of appetite, and a gain in strength as fast as nature could rebuild.

She gives the names of a number of other persons who have been helped by leaving off coffee and taking Postum Food Coffee.

It is a safe proposition that if any coffee user has stomach or nervous trouble, or bad complexion, he or she can get rid of the trouble by discontinuing coffee and taking Postum Food Coffee. It is easy enough to prove the truth of this by making trial. Read "The Road to Wellville," in pages "There's a Reason."

CHICAGO FUNDS \$5,000,000 IN OLD LAW SUITS

Treasure Trove Turns Up
in Corporation Coun-
sel's Housecleaning.

CONGRESSMAN GEO. A. PEARRE,
Representative from Maryland, Who
Is Attacked by Politician He
Criticism.

CHICAGO, Sept. 11.—Five million dollars in old and forgotten claims on the city of Chicago have been unearthed in a housecleaning of the corporation counsel's office. Many of the claims are considered good.

The papers found include the musty files in over 500 law suits instituted by corporation counsel's as far back as seventeen years. Three of the claims, amounting to \$500,000, are against former city treasurers for interest money. "We expect to clear up these cases by January 1," Corporation Counsel Brundage said. "Some of them are good claims and should be pushed. Many of the parties are dead, but their estates or bondsmen are responsible. We don't believe in letting these cases drag on indefinitely, burdening our docket. So we have decided to hold a clearance and bargain sale. For the next few months there will be city lawsuits at a bargain."

The suits against the treasurers were instituted to recover for the city interest on city bonds at the rate of 5 per cent. They were started long before the State laws were passed making it illegal for the treasurers to retain such money. Previous to that the question was in doubt.

CHARGED FENCE
ELECTROCUTES TWO

GREENSBURG, Pa., Sept. 11.—Two men were electrocuted and two more had miraculous escapes from death as a result of a severe storm which swept over this section.

The dead are Jesse Weaver, aged thirty-five years, and Louis W. Long, aged thirty-five years. The injured are Henry M. Long, a miner, shocked into insensibility, and Richard Smith, a miner, also shocked into insensibility.

The men were on their way home from work last night and had to cross a field and go through a barbed wire fence. This wire fence was highly charged with electricity. Into this fence the men walked.

The two who escaped instant electrocution did so only from the fact that they were in the rear and did not come in direct contact with the fence.

The wire became charged from a broken feed wire of the railway company which had been struck by lightning. It then fell across the fence.
